DEPARTMENT OF PUBLIC HEALTH
CONCERNING
MASSACHUSETTS SUBSTANCE LIST
FOR "RIGHT-TO-KNOW" LAW, M.G.L. c.111F

To enable easier identification of substances on the Massachusetts Substance List (MSL) 105 CMR 670.000: Appendix A, the Department of Public Health has, in the past, issued a supplement entitled "Massachusetts Substance List in CAS (Chemical Abstract Service) number order." The Department of Public Health has revised this supplement to incorporate the amendments to the MSL adopted on May 26, 1989.

With the supplementary list, a substance can be quickly identified on the basis of the CAS number alone. Note that substances which have not been assigned CAS numbers are included at the end of the list.
